Sorry, I missed something in #5. East Chicago did exceed the lead action level in 1993, but has met it ever since, so I corrected that sentence in this version.

Subject: WD's Draft Response to East Chicago's "Asks" Relating to Drinking Water Quality: Draft and Deliberative

Hello All:

Thanks to all the WD folks who put together the initial draft. I've tried to distill all that valuable information down to a concise and clear response, and provide the attached for your review and comment. Tom/Rita – If I've overlooked someone, please share.

One of the things the City emphasized was their need for a clearer explanation about the relationship between LCR compliance and our concerns about

the Pb levels we detected during the pilot study. I've tried to address that here.

In addition to ORC, I'm copying Margaret and Doug for SFD distribution and comment as they see fit.

Thanks.

Chris
